When a complete revenue estimate for this bill becomes available, the RSC will update "The Money Monitor" accordingly. **H.R. 3580** (Medical Device Amendments Act), which passed the House on October 9, 2002; and **H.R. 5316** (National Forest Organizational Camp Fee Improvement Act), which passed the House on October 10, 2002; have since been scored as having no or no significant revenue implications.

---

An authorization explicitly allows funding for a certain program and / or directs a federal agency to take a certain action. Authorizations express the House's *intent* to spend, however, actual funding is provided through the annual appropriations process. **Authorizations with no net cost, bills that would result in no significant net change in mandatory spending or federal revenue, and private-sector costs from federal mandates are not reported here.**

Mandatory spending directly establishes an appropriation. No subsequent action is required for the money to be spent.

All numbers in "The Money Monitor" are positive unless otherwise indicated.

**The costs of conference reports are not recorded here. "The Money Monitor" only accounts for the costs of bills as they first pass the House.**
